

- Thutmose III's Chariots At Megiddo

**I bought most of the troops here <http://www.tgftoys.com/>
But they seem to be getting out of those.**

The fact is that most of the Egyptian figures are out of production. That does not mean you can't find them they are just going to cost more.

The regular Romans are from Bullyland. I bought so many that tgf toys thought I was reselling. It took some explaining but when they did take my order it took all of their stock and there was a 3 month wait to finish the order. The camel troops are Schleich and the archers and scorpion are BBI(also known as BlueBox).

Rames, the chariots and medium infantry are Papo. The foot leader is Schleich and the light infantry, city leader, guard infantry and chariot archers are Safari
